

Seniors and COVID-19 Testing

GoHealth Survey

March 2022

Methodology

Data shown is based on an online survey conducted among Seniors covered by Medicare in February of 2022.

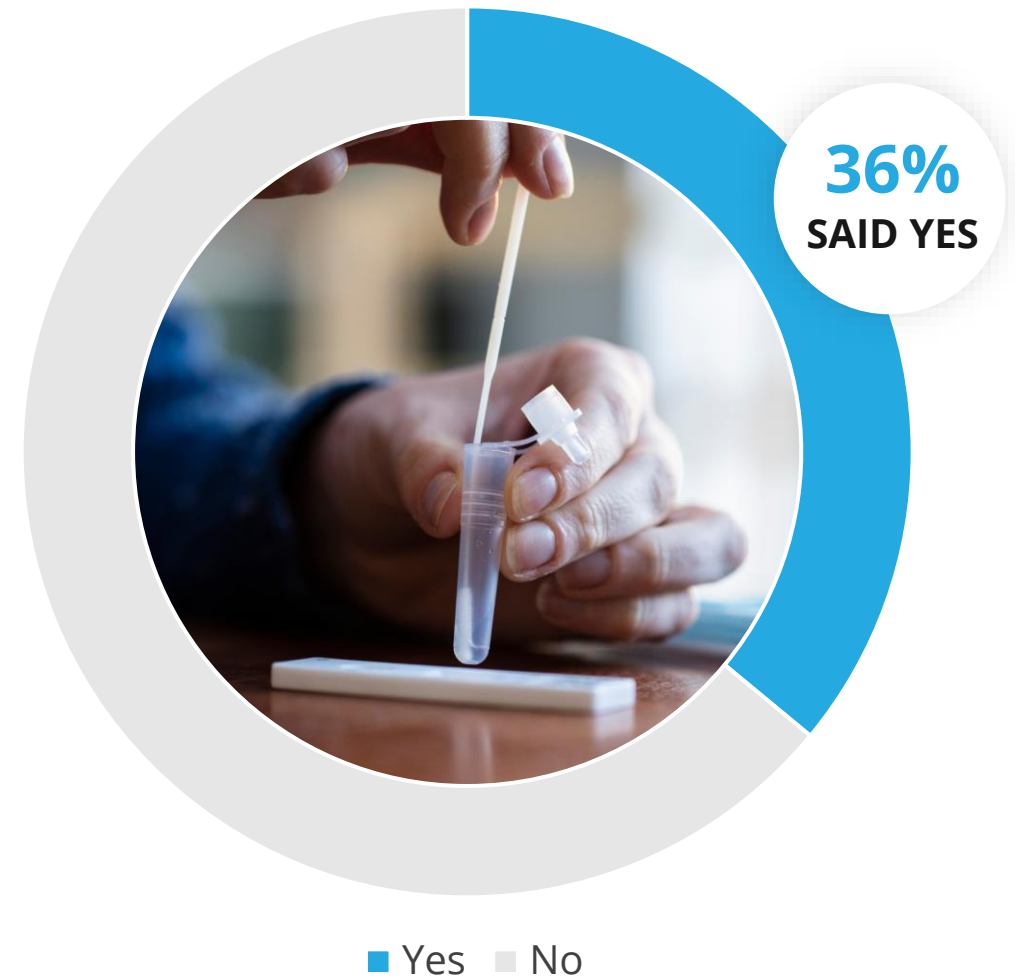

Respondents

N=1,029 responses were collected

- 65 – 99 years old
- Must be covered by Medicare
- Nationally representative of US population by gender, ethnicity, and region

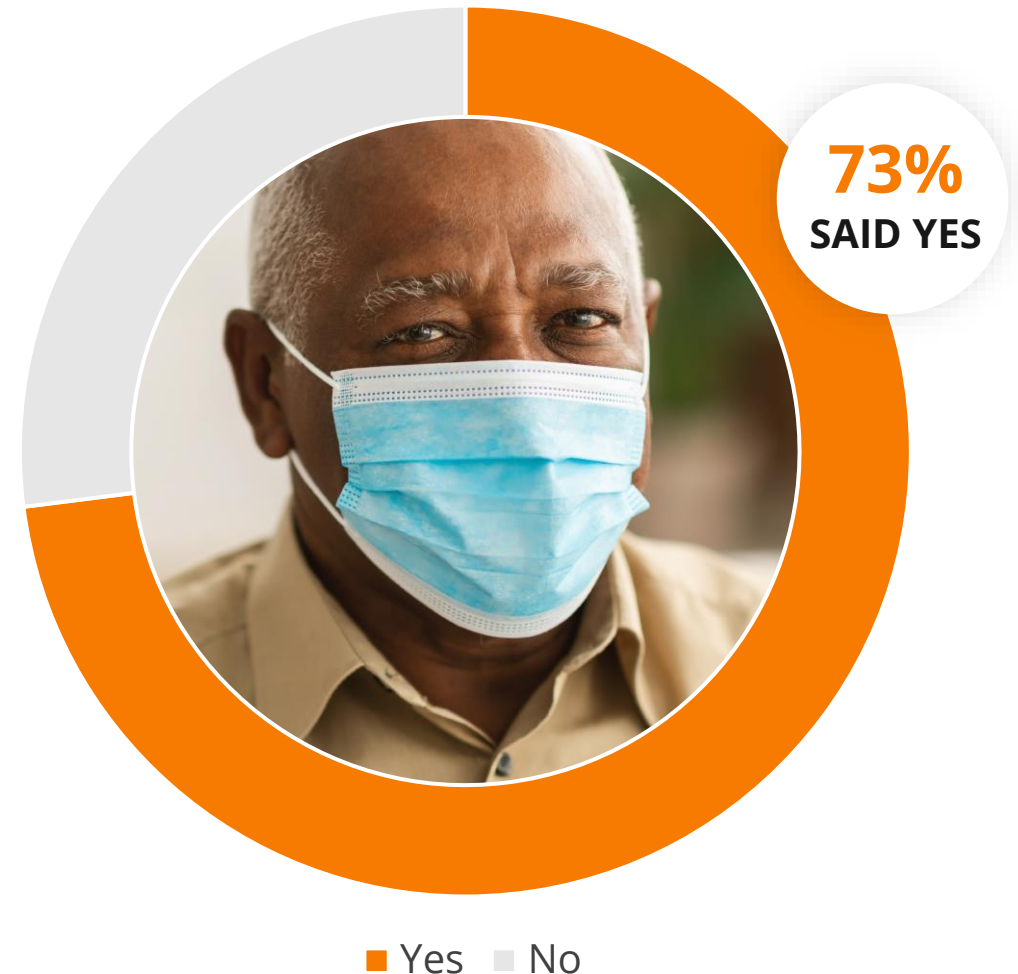

Did you know Medicare beneficiaries are now eligible to receive eight over-the-counter **COVID-19 tests at no cost** each month starting in early spring?

Based to total respondents
N=1,029

Starting in the early spring, Medicare beneficiaries can pick up eight free COVID-19 tests from eligible pharmacies and retailers.

Are you **planning to pick up free COVID-19 tests from your pharmacy/retailer once available in early spring?**

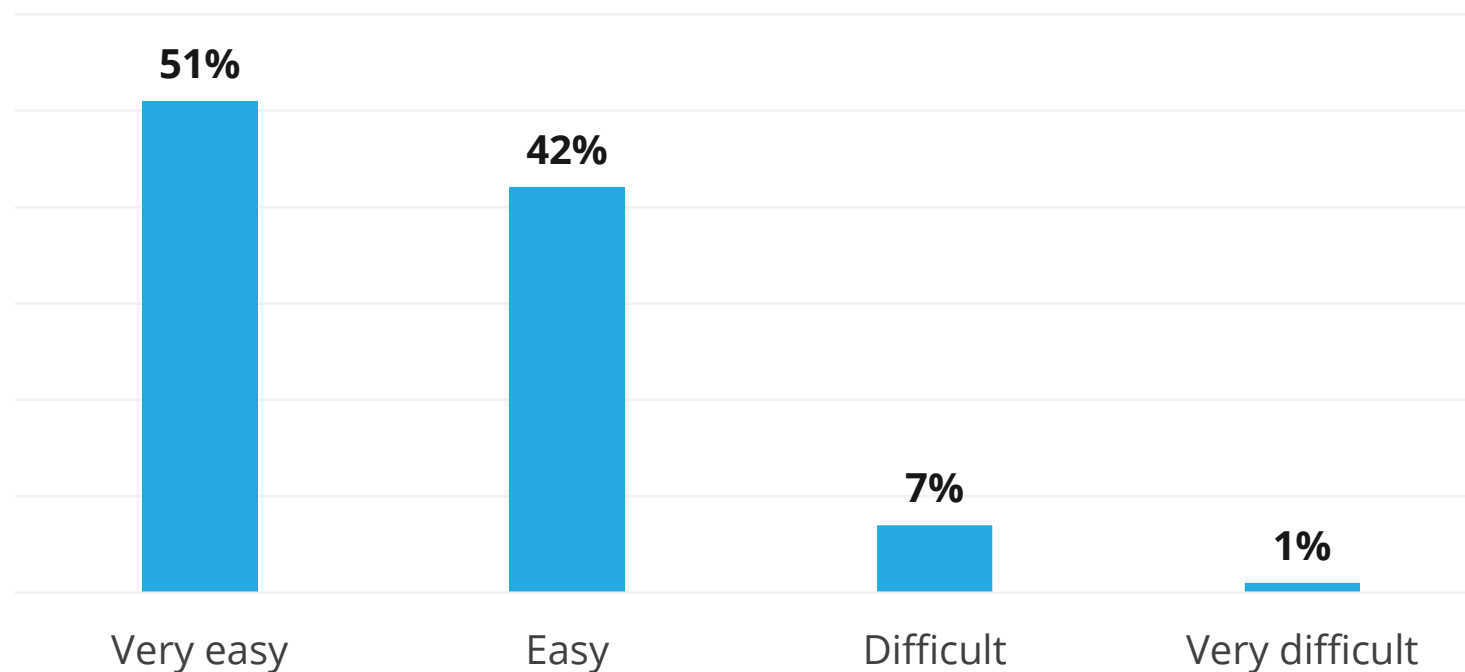

Based to total respondents
N=1,025

How **easy or difficult** will it be for you to pick up free COVID-19 tests from your pharmacy/retailer?

Based to those planning to pick up free COVID-19 tests
N=747

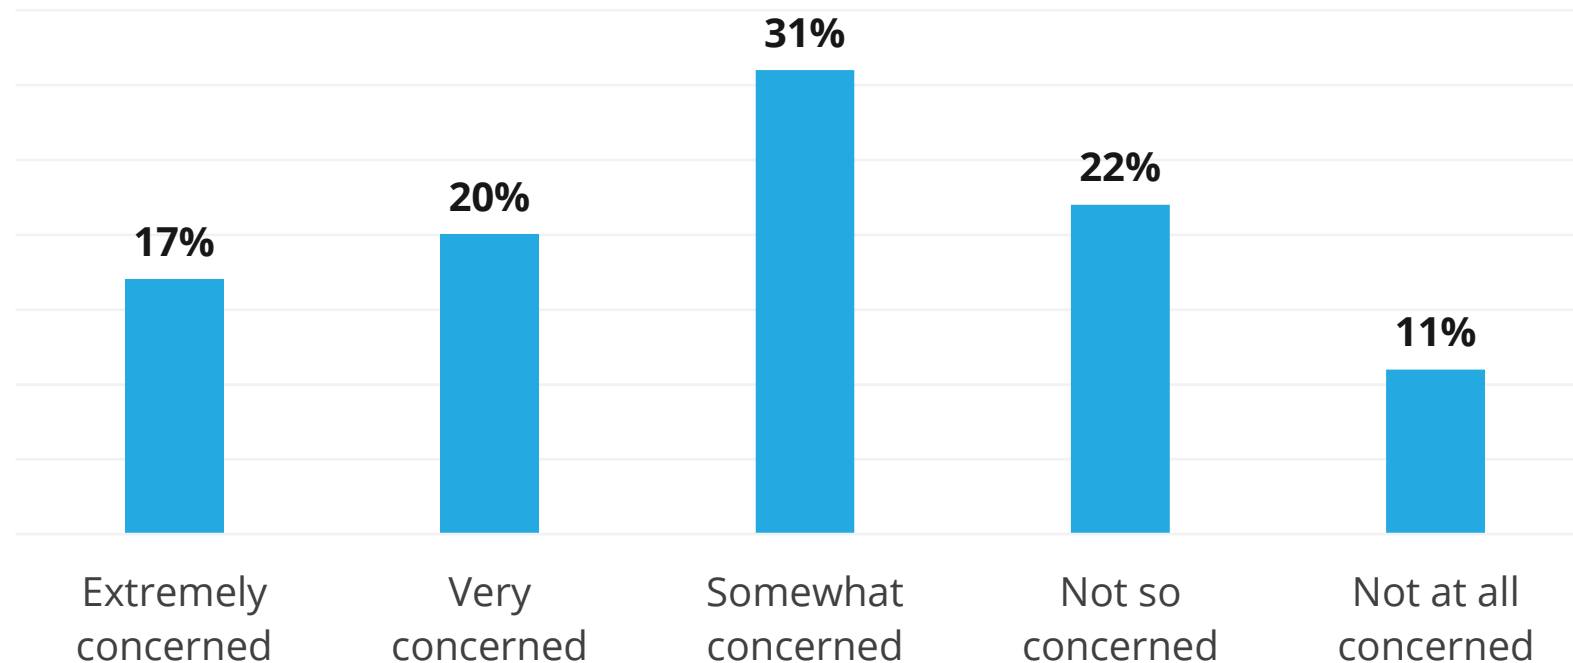

Do you think eight COVID-19 tests each month **will be enough** for your COVID-19 testing needs?

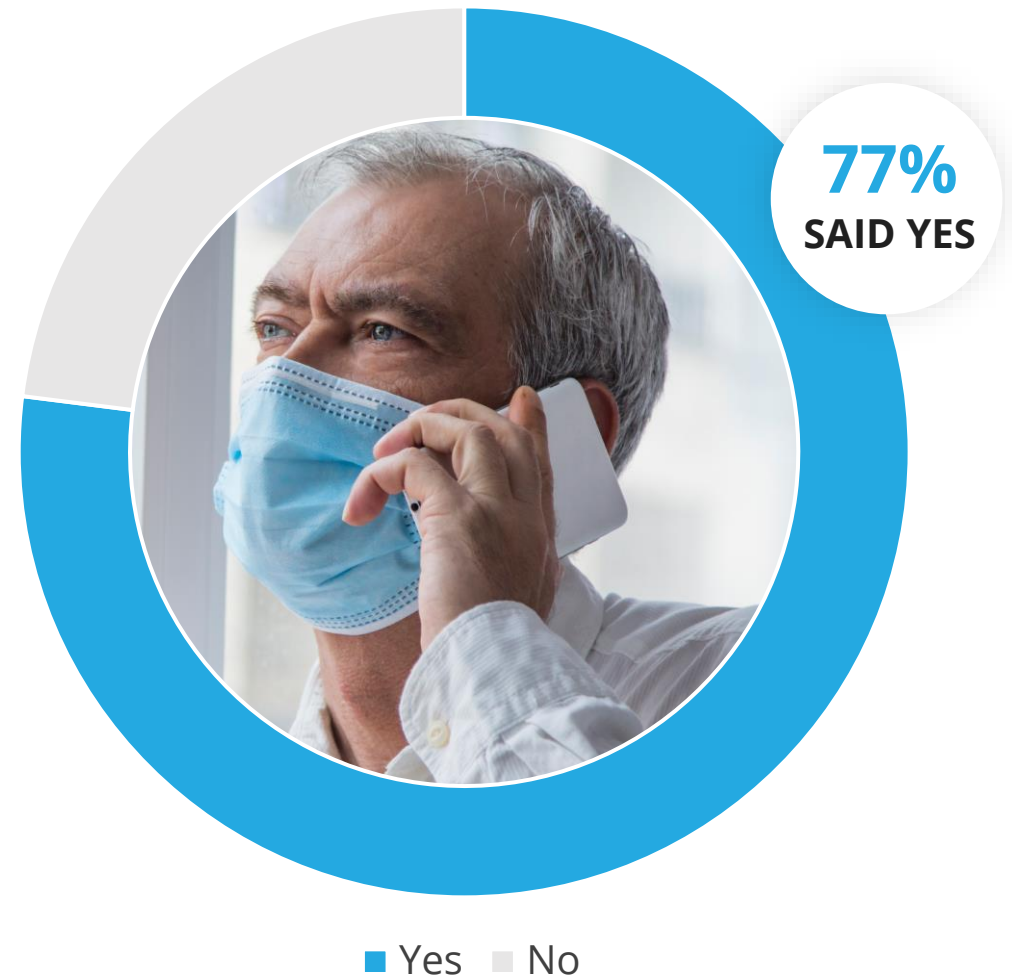

Based to total respondents
N=1,023

How concerned are you about getting COVID-19?

Based to total respondents
N=1,021

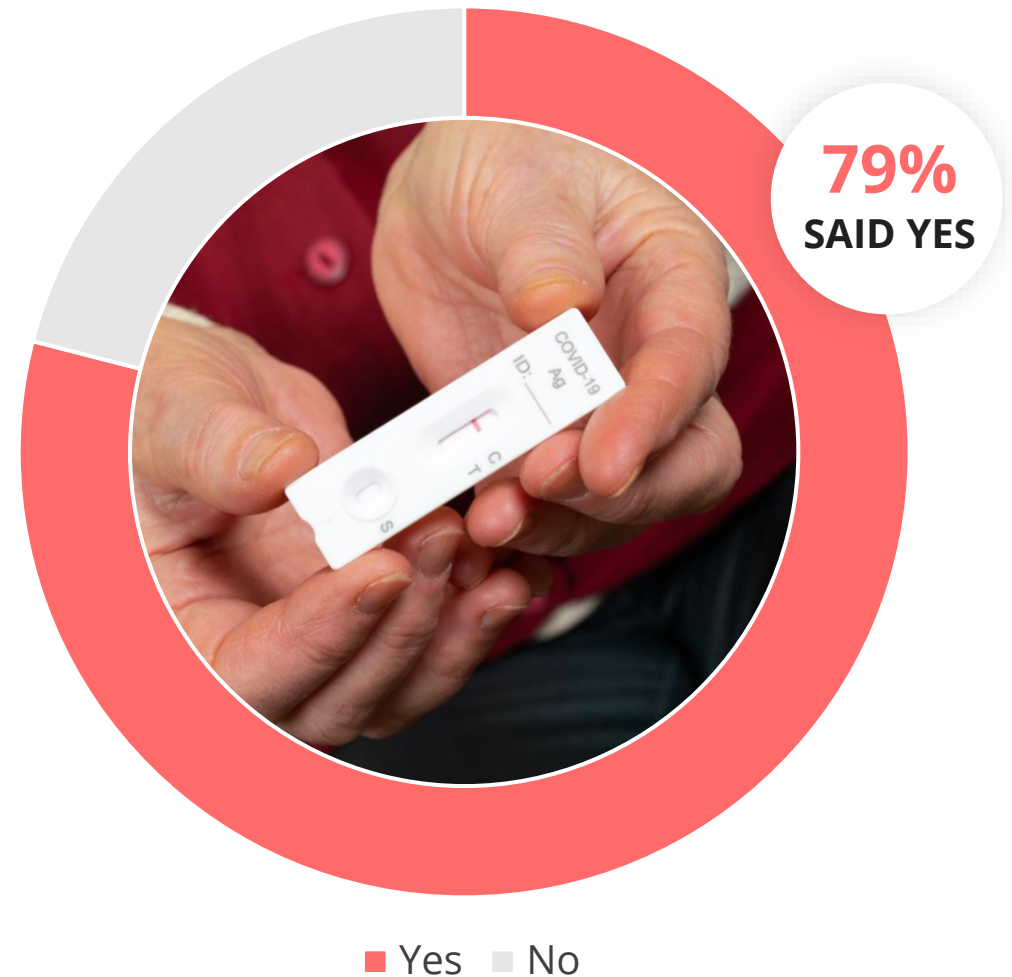

Did you know **Americans can also order four free COVID-19 at-home testing kits per household from the government through a website (covidtests.gov) or by calling (1-800-232-0233)?**

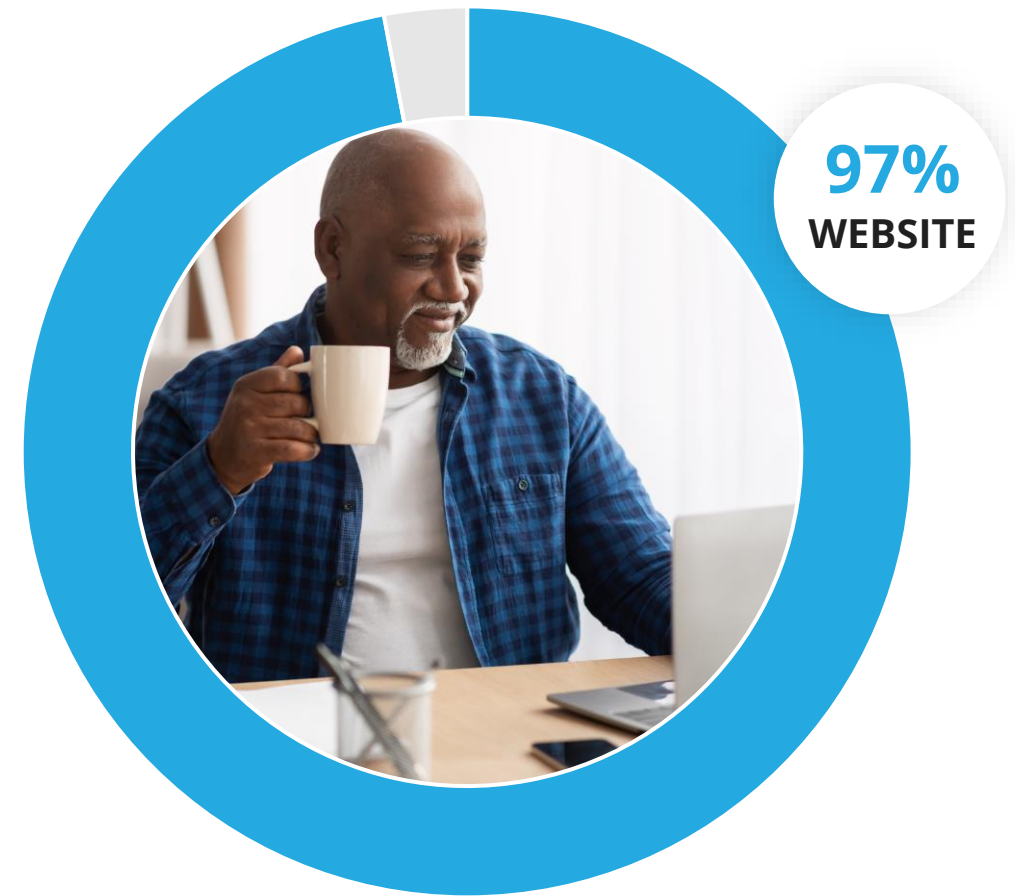

Based to total respondents
N=1,021

Have you **submitted** a request to get four free COVID-19 at-home testing kits?

Based to those who know they can order
N=789

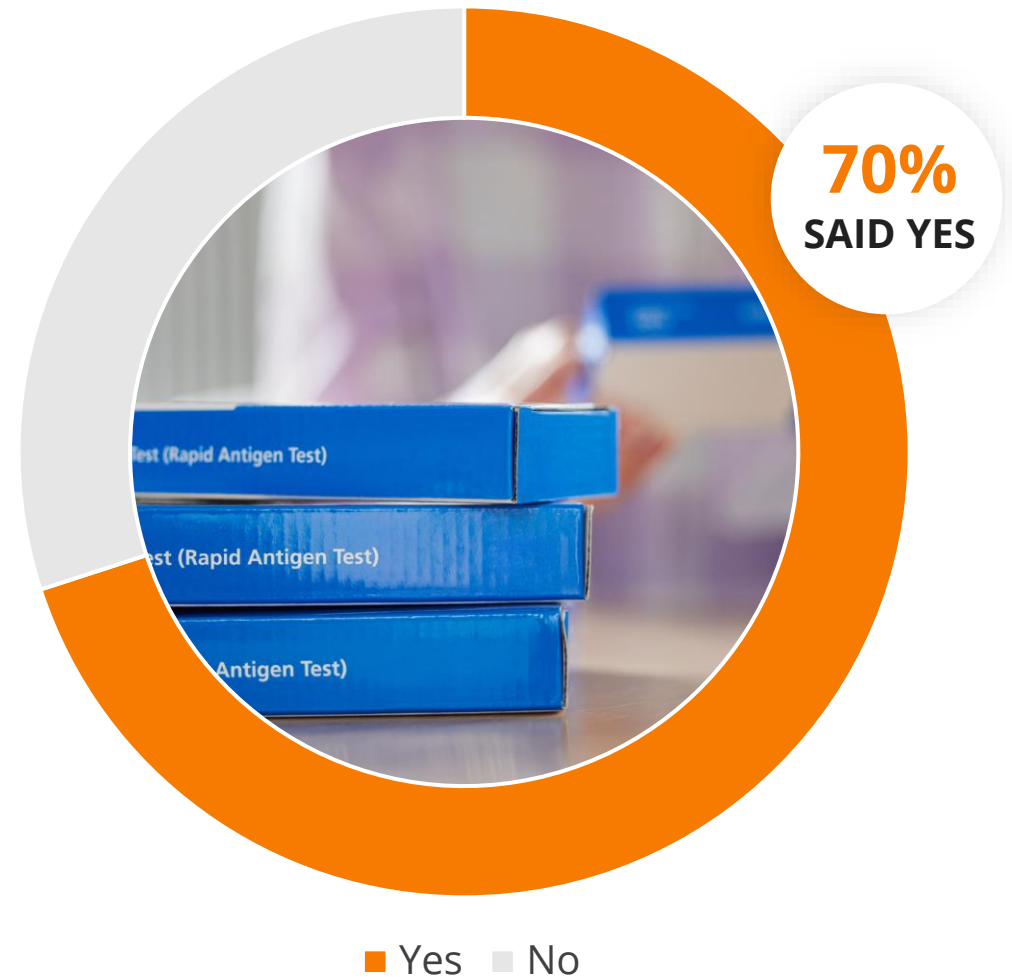

Did you submit your request through the website (covidtests.gov) or by calling (1-800-232-0233)?

Based to those who submitted a request
N=625

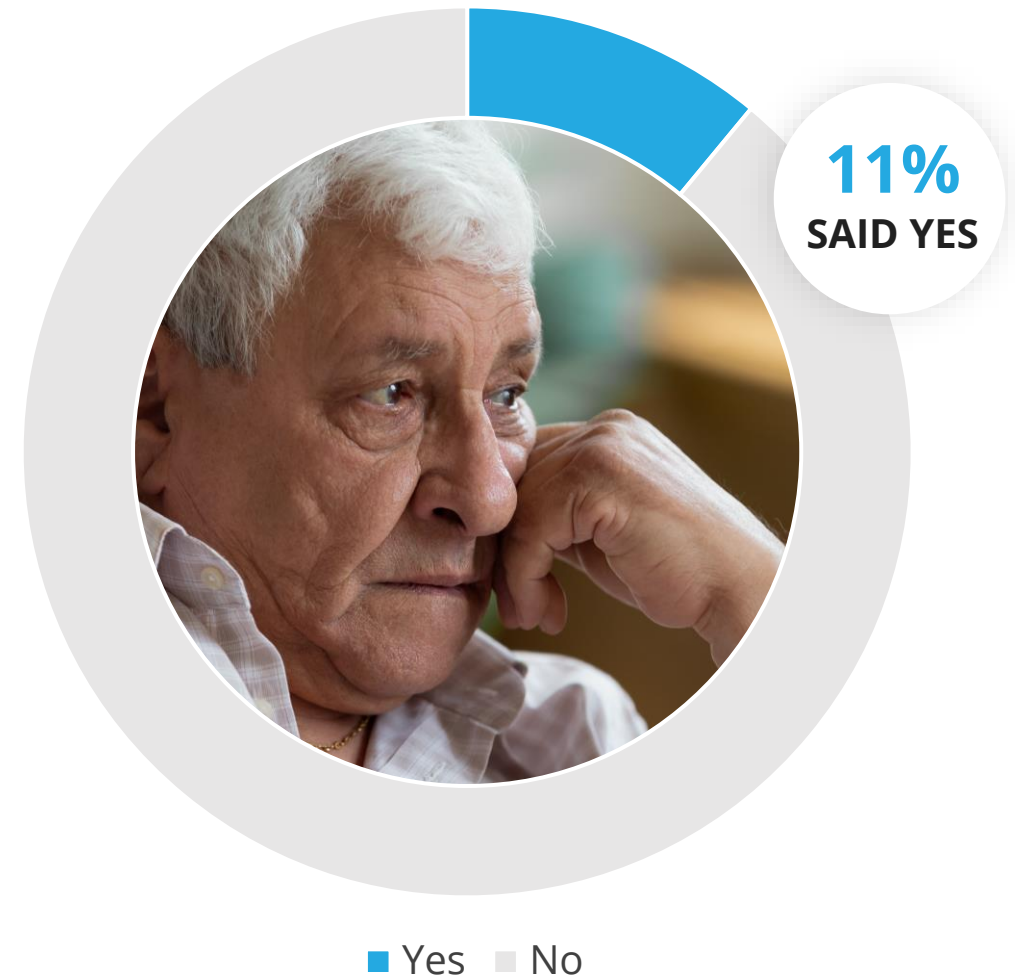

■ Through website ■ By calling

Have you received the four free COVID-19 at-home testing kits you requested?

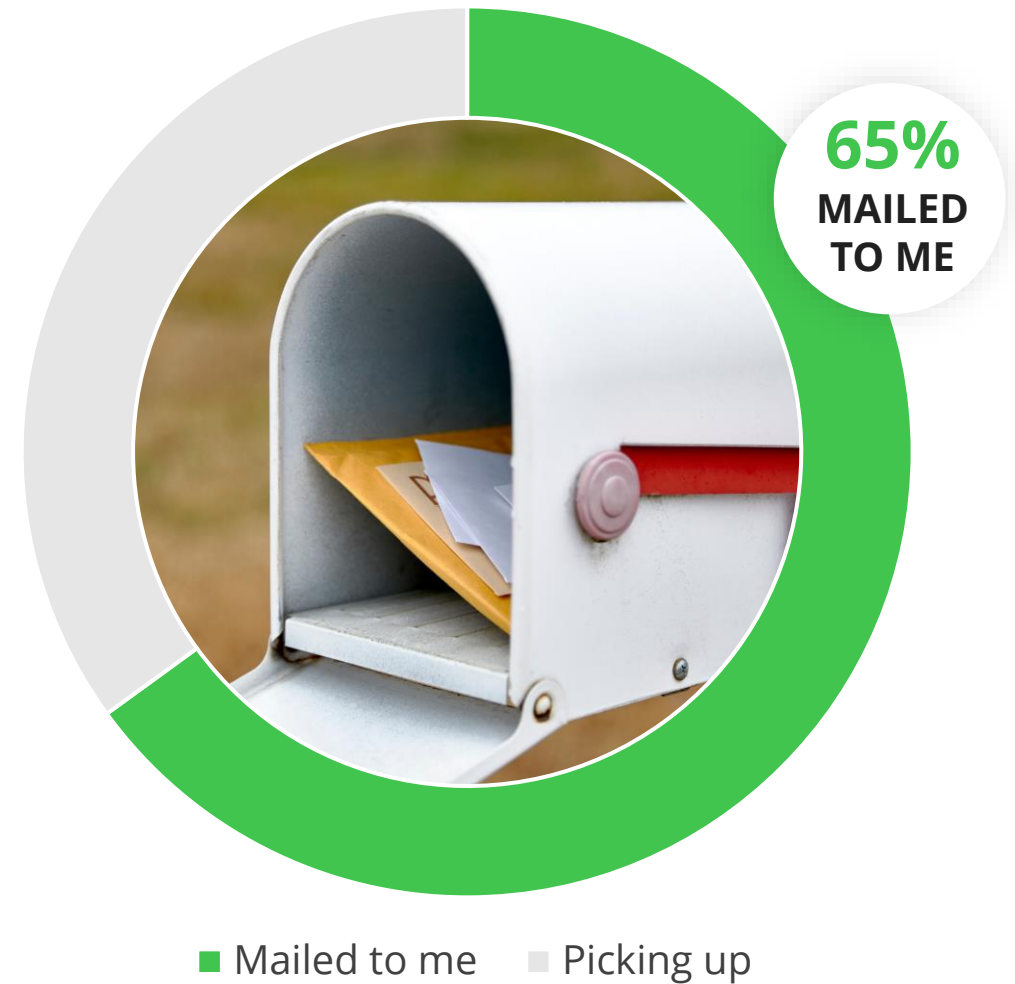

Based to those who submitted a request
N=626

Have you had **difficulty** accessing a COVID-19 test in the past 3 months?

Based to total respondents
N=1,020

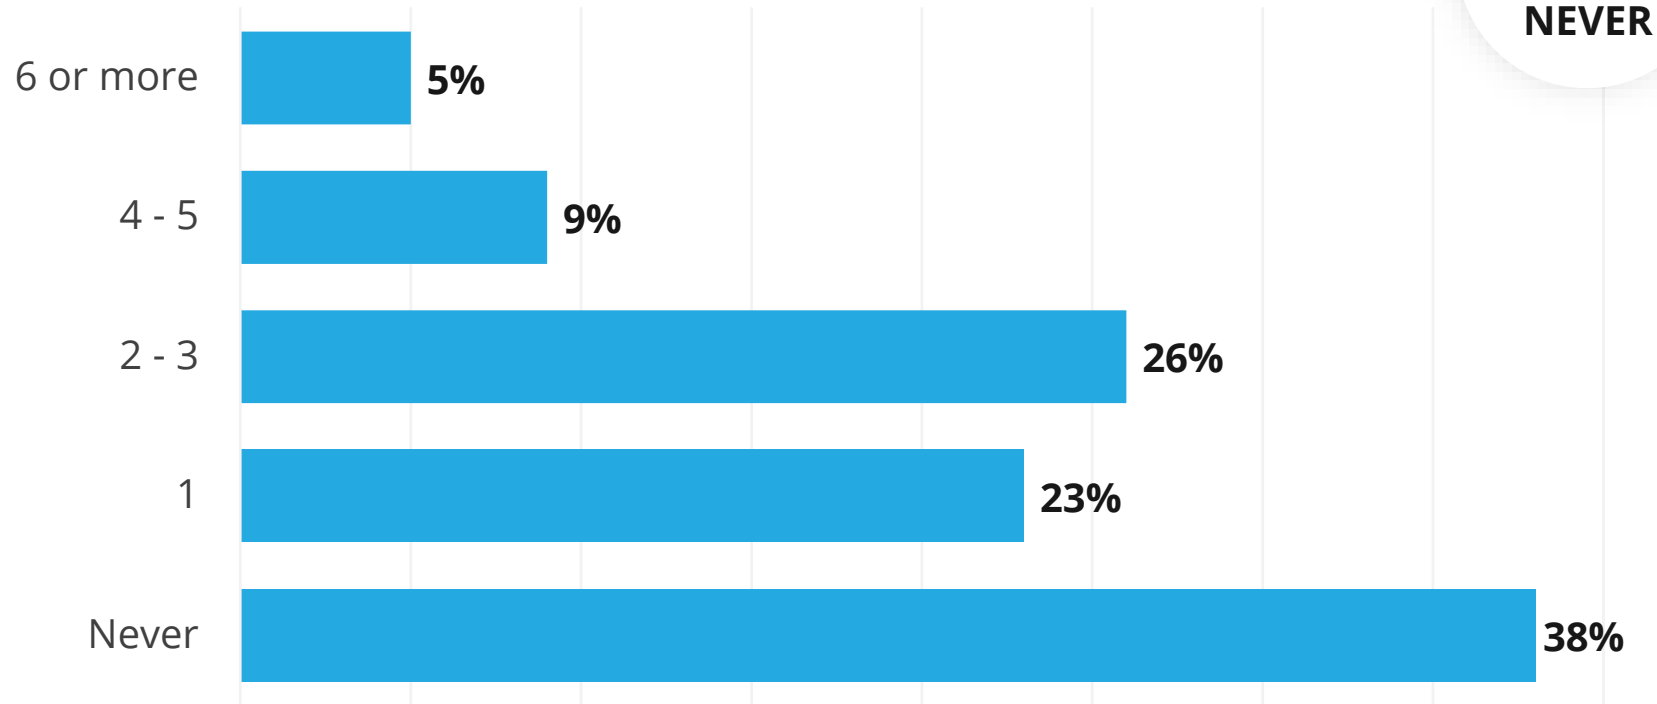

Would you prefer to pick up COVID-19 tests at your pharmacy/retailer or have the tests mailed to you?

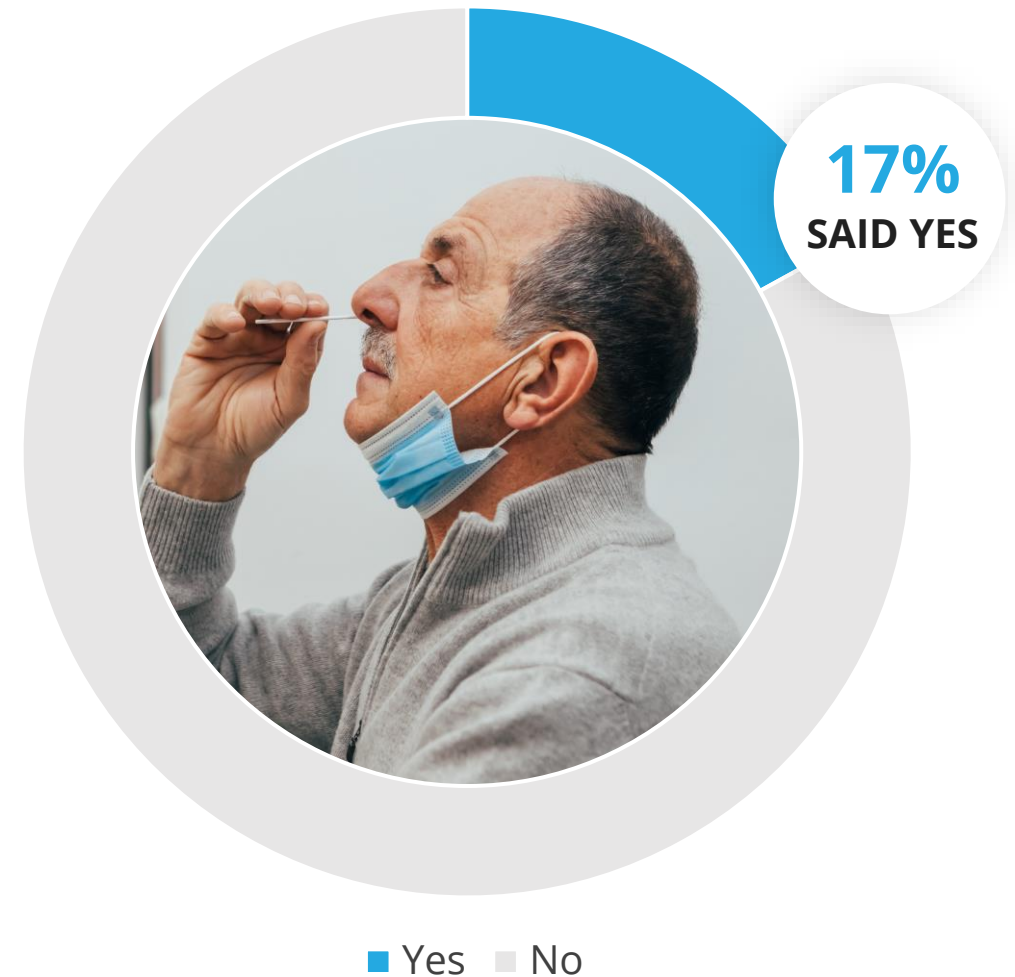

Based to total respondents
N=1,019

How many times have you been tested for Covid-19 since the pandemic began?

Based to total respondents
N=1,019

Have you ever taken an **at-home** COVID-19 test?

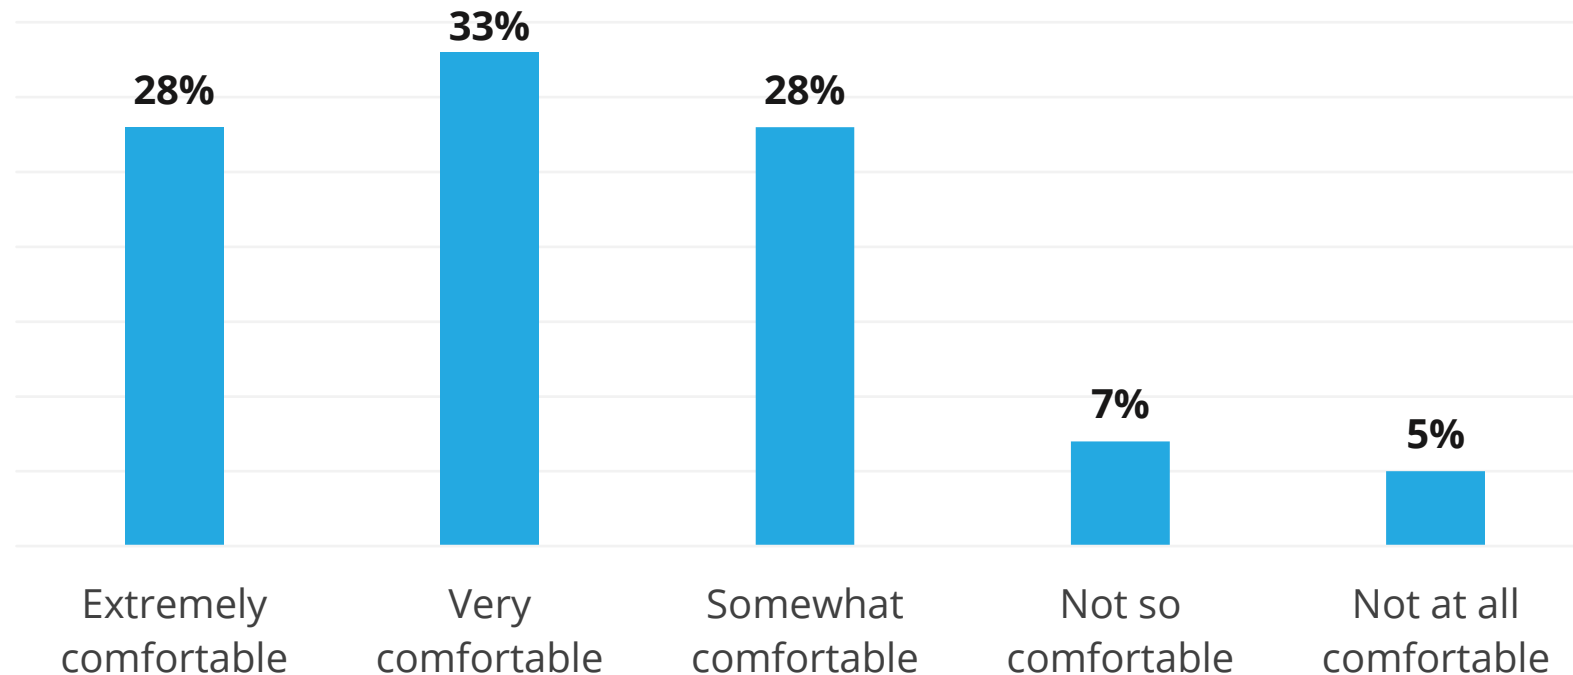

Based to total respondents
N=1,017

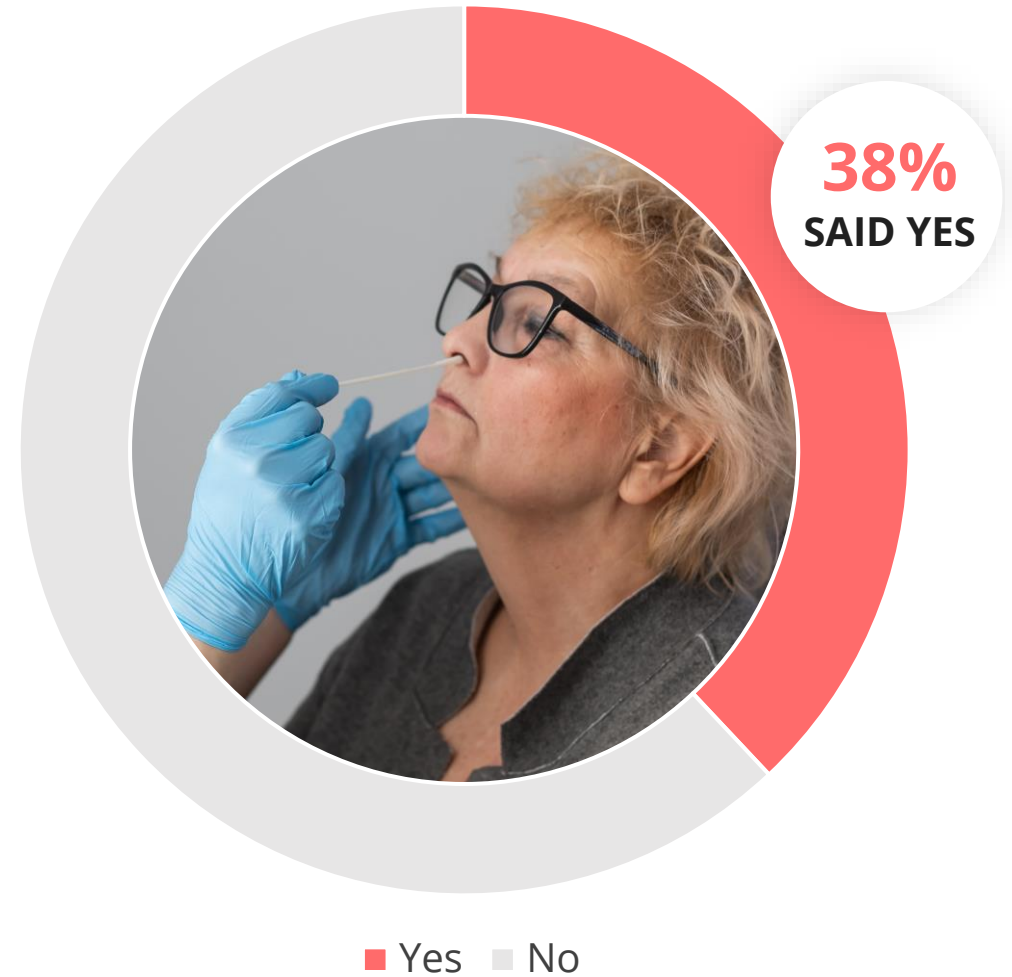

How **comfortable** are you administering COVID-19 at-home tests?

Based to total respondents
N=1,016

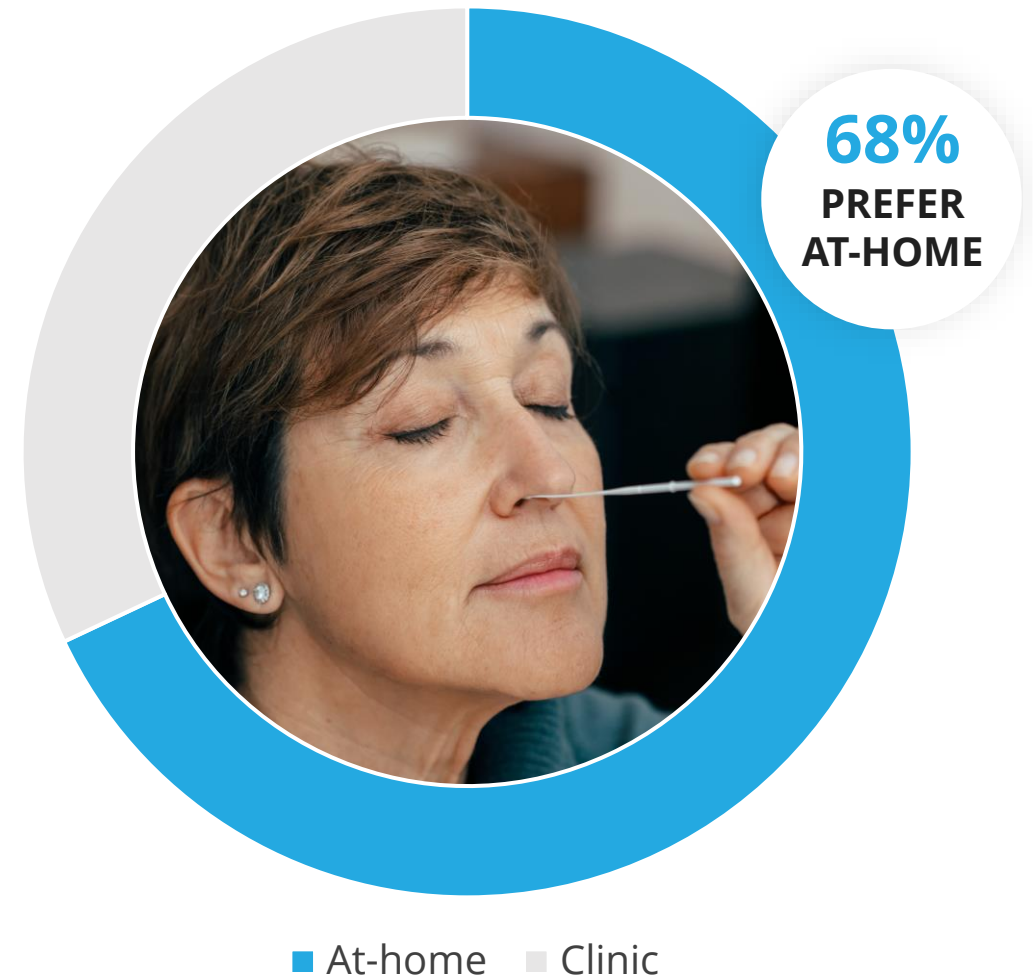

Have you ever been tested for COVID-19 **at a clinic?**

Based to total respondents
